#### Cultural exchange activities

Port Aransas is the only established town on Mustang Island and inhabits 8 miles of the 18 mile long barrier island. Mustang Island is located north of Padre Island, the longest barrier island in the world and south of San Jose Island, renowned for its shelling. Running parallel to the mainland, barrier islands protect the coast from the full force of powerful storm waves. Surrounding waters include the Corpus Christi Bay, the Gulf of Mexico, the Lydia Ann Ship Channel and the Corpus Christi Ship Channel. Scattered about are several small islands that contribute to our reputation for great fishing, shelling, birding and nature adventures.

While visiting Port Aransas, be sure to view our five historical markers, historic Lydia Ann lighthouse and historical cemetery located throughout our town. Markers include the Tarpon Inn, Aransas Pass C.S.A., World War II Coastal Defenses at the Aransas Pass, United States Coast Guard on Mustang Island and the newly dedicated Mustang Island marker, which is located at the museum. Experience the history of our town with a trip to the Port Aransas Museum. Here, you'll look into the town's and its inhabitants' colorful and storied past with exhibits, photos and video. From the Karankawas and the Spanish Explorers to the Mustangs and world-famous fishermen, the story unfolds. The museum also offers special tours of unique spots on the island, classes and seminars. For additional history and an overview of Port Aransas/Mustang Island, visit the museum located at Alister and Brundrett and the University of Texas Marine Science Institute Visitors' Center located on Cotter at the beach.

# Program Information

WORK & TRAVEL

Please read the CHI Student Handbook, which you should have received at orientation or from your student agency. You are responsible for following all rules in this handbook. The rules are in place for your health, safety, and welfare. Failure to follow the rules may result in a participant's negative program status.

## Be Prepared

- Make photocopies of important documents and leave a copy with loved ones.
- Back up your digital photos, in case your phone is stolen or broken.
- Leave things you could not bear to lose at home.
- Bring your welcome letter, your important documents, two extra sets of clothes and your necessary medicine in your carry-on luggage. Checked luggage is often lost. The airline will deliver your bag to your US housing or employer once found, but it could take 3 or 4 days.
- \*If your luggage is lost, send it to your employer's address to ensure delivery.
- You are required to bring at least \$1000 with you from your country. We recommend you bring \$1200. In the first few weeks of Work & Travel, you will need these funds to establish yourself in a new country. You will need to pay your housing deposit, pay your rent, buy a sim card, purchase pillows, sheets, and blankets, food, uniforms, a bicycle, or have transportation money. It takes a few weeks to start working, be trained, become integrated into the schedule, and get your first paycheck. You don't want to run out of money before your first paycheck arrives. Be prepared, you are moving to another country.

## Communicate Your Arrival Information

- Check your email frequently for important information. Respond to it.
- Plan your flight accordingly: if your final destination is far away from your arrival airport, please check that your flight allows you to make any connecting transportation needed to get to your destination. If not, please make a reservation at a local hostel or motel and plan to continue your travels the next day.
- Do not arrive late at night! You may not be able to get into your housing after 20:00.
- You must contact your CHI representative, to let them know when you will be arriving.
- You must log onto [www.wt.chinet.org](http://www.wt.chinet.org) to enter your flight information, as soon as you book your ticket.
- Join CHI Facebook pages and WhatsApp group and become friends with your Program Coordinator.

## Be Safe

- Exercise adequate discretion, stay aware of your belongings, and avoid putting yourself into risky situations (such as unlit, deserted areas at night).
- Open a bank account, on the first day you check into your US housing, to keep the recommended \$1200 you brought from your country safe and secure. You will need this money. Never keep large amounts of money in your student housing no matter how much you trust your roommates.
- Once in the United States, never carry large amounts of money. You will have a debit card from the bank, if lost, this can always be cancelled. Do not give your PIN (personal identification number) to anyone. If you lose your cash, it can not be replaced.
- Do not carry your important documents or valuables to work. Keep your documents, including passport, safely hidden in your room. Never give your passport or documents to anyone (such as a landlord or employer) to keep. It is illegal for anyone to take your passport or documents from you for any reason.
- Bring an ID from your country to carry with you that can easily be replaced (University ID, residency card, drivers license). Passports are difficult & expensive to replace, and losing your passport can ruin your travel period plans.
- Establish a “do not lose it” discipline. Travelers are more likely to inadvertently lose their bags than to have them stolen. I have heard of students leaving passports under pillows, bags on the overhead rack on the bus, & documents in the taxi. Always take a look behind you as you leave.
- When you are out and about, never casually or carelessly set down any small valuable item, such as a phone or wallet. Either hold it in your hand or keep it tucked away. At cafés, do not place your phone on the tabletop or purse on the back of the chair where it will be easy to snatch — keep phones and valuables in your front pocket. Make it a habit to be careful with your things; it will become second nature.
- Stay vigilant in crowds and steer clear of disturbances near you.
- Participants should use common sense, stay with a partner or friend, especially at night. It is recommended participants let a friend know where they are.
- Bicycle riders with helmets had an 85 percent reduction in their risk of head injury and an 88 percent reduction in their risk of brain injury. If you ride a bicycle in the US, wear a helmet.

## Student Account Profile | [www.wt.chinet.org](http://www.wt.chinet.org)

- Validation is the second thing you need to do upon arrival in your new city, after calling your parents to report you have arrived safely.
- Log into your CHI Work & Travel profile page and complete your validation the same day you land in the USA. Many airports offer free wifi.
- If you are staying in a hotel the first days of your program, you should validate using the hotel information and update your information once you move to more permanent housing.
- If you have no access to the web, please call CHI at 1-800-432-4643. There are SERIOUS consequences if you do not validate your visa, beginning with a cancellation of your visa, so do it as soon as possible!
- Validation must be officially finalized by CHI before going to Social Security.
- Participants who do not validate or do not wait for the notification from CHI that their validation information has been approved, prior to going to Social Security, will delay their Social Security card for 60 days. Do not make this costly mistake.

## Arriving at a United States Airport

The following documents you **MUST** have in your possession and present to the U.S. immigration officials upon arrival in the U.S.:

- Valid passport

- I-901 SEVIS fee receipt
- J-1 Visa
- Job Offer

- Use your “do not lose it” discipline, remember to collect all documents from the immigration officer. This is a place students often misplace documents. Students are nervous, excited and fail to check they have received everything back before leaving the area.
- Wait to check-in on social media or take a selfie until you check you have all your documents.
- You should have no problem entering the U.S. as long as you have all the proper documentation, cooperate and communicate respectfully with the U.S. immigration officers at the airport.

---

## Traveling to your Final Destination

- Before you leave your home country map out your trip. This is a great website to use: [www.rome2rio.com](http://www.rome2rio.com). Your CHI representative will send you exact instructions in a letter prior to your arrival. Check your email daily, it is very important.
- When estimating your arrival time please add extra time for waiting for baggage, eating, or missing a bus or train connection.
- Be sure to have a small amount of American currency for regional travel before leaving the airport. Do NOT accept rides from strangers at the airport!
- Plan accordingly, if arriving late at night, please stay in a hotel or hostel and travel in the morning. (You will not be able to get into your housing if arriving late at night.)

---

## Arriving at your Final Destination | What do I need to do now?

- Contact your employer, let them know you have arrived safely. They will provide you with your orientation/start date.
- 24 hours after entering the United States you will be required to retrieve a document on the internet called an I-94.
- Contact your CHI representative and let them know you arrived safely at your housing.
- Once you validate, the next day call the Social Security Administration and get an appointment to apply for your ss card.

---

### I - 94

The I-94 Form is the Arrival / Departure Record that is issued by the immigration officer at the airport to all foreign visitors entering the United States. All I-94 records are created electronically and accessible online 24 hours after arrival.

- Ensure that the computer you are using is connected to a printer (local library).
- Go to the <https://i94.cbp.dhs.gov>
- Enter the required information in all CAPITAL letters. Please make sure you enter your name exactly as it appears in your passport
- Click Submit
- You must print this document, it is a required document at Social Security

---

## Applying for a Social Security Number

You must apply for your SS card at the local Social Security Office. You have to call SSA and schedule your appointment. Their offices are not open to drop in. If they do not call you back, call them again (and again if necessary). By the end of your first two weeks, you should have your appointment scheduled. It is your responsibility to get an appointment to apply for your card.

#### Required Documents:

- Valid passport
- DS-2019 Form, the original copy signed with blue ink. Do not accidentally give your loved ones the original copy for safekeeping.
- I-901 SEVIS fee receipt
- J-1 Visa
- I - 94 Form, printed from the internet at your local community library or employer.

---

## Second Jobs

- CHI does not provide second jobs.
- Second jobs are possible. However, your responsibility is to your primary employer. It is the primary employers participation in the Work & Travel program that has afforded you the opportunity to come to the United States.
- A second job may not conflict with your primary CHI position in anyway.
- If you are considering looking for a second job, please be reminded the employer must be approved by CHI for your safety.
- Failure to have any second job approved may result in a participant's negative program status.
- Your CHI representative will send you exact instructions in a letter prior to your arrival. Check your email daily, it is very important.

---

## Health Insurance

**It is required that all participants of Work & Travel obtain health insurance.**

- Your health insurance provider will email your instructions to obtain your insurance card.
- Do not leave your home country without accessing the health insurance website and printing your card.
- In the United States, doctors and hospitals are in different buildings. Doctors generally have offices away from the hospital or work at an urgent care facility or clinic.
- For a basic illness, you will go to a doctor's office, urgent care facility, or clinic, pay \$100 and your insurance should cover any costs incurred after \$100.
- For a serious emergency, you should go to the hospital or emergency center, pay \$250 and your insurance should cover any costs incurred after \$250.
- There is no dental or vision coverage. Please visit your primary care doctor and dentist in your home country before traveling to the United States.
- Please contact your CHI representative to report any illness or emergency you may have, so they can provide assistance.

---

## Know the Law

- In the United States, you must be at least 21 years of age to purchase, possess or consume alcoholic beverages. Underage drinking is illegal and can have severe consequences for young people who drink and for adults who provide alcoholic beverages to those under 21.

---

*Be Safe. Follow the rules. Have fun.*
